

WATERINK

BE HEALTHY. DRINK WATER.

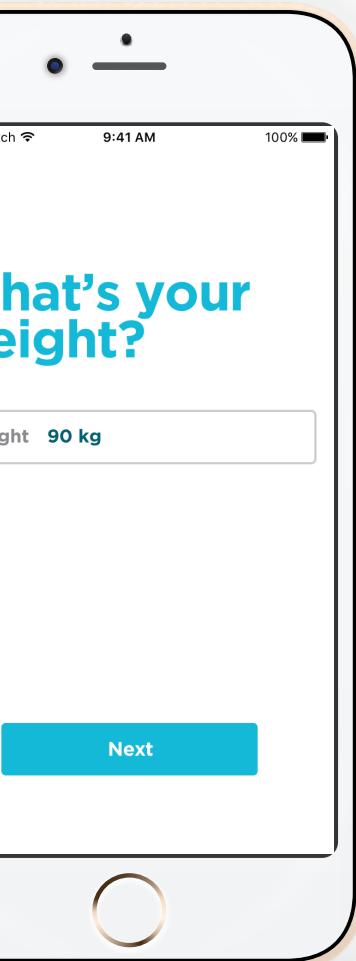

_So, what's the problem 😱 ?

As you may know, water keeps every part of your body working properly. You lose water throughout the day through your breath, sweat, urine, and bowel movements.

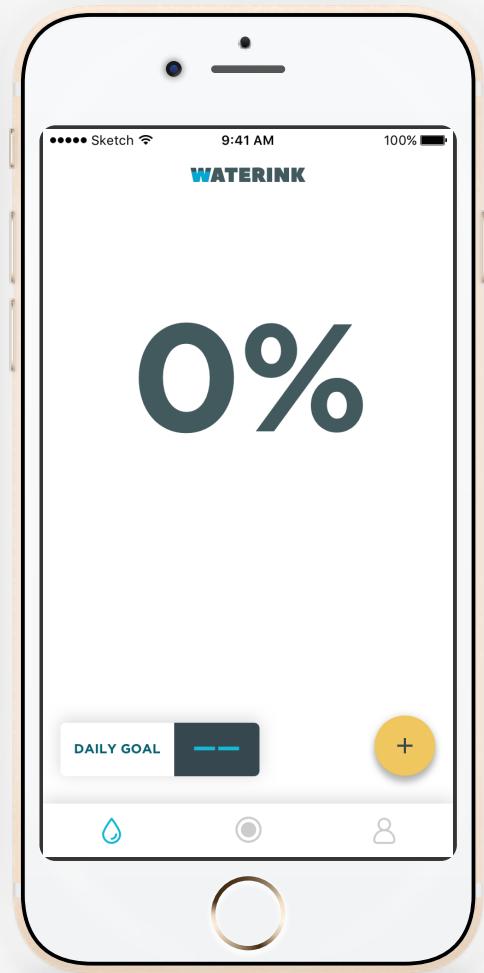

_How we can help 😎 ?

We will help you to replace this lost fluid to stay hydrated. Track your water intake with Waterink. The simplest way to create a healthy habit.

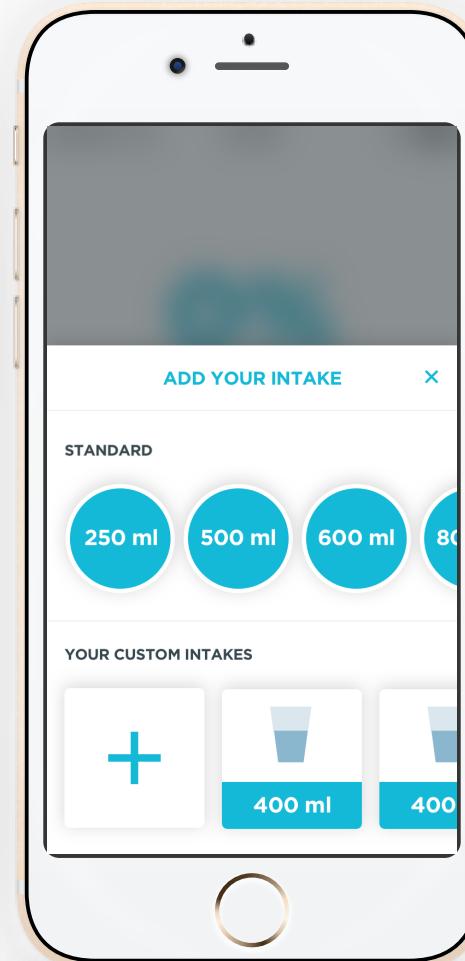

_How it works?

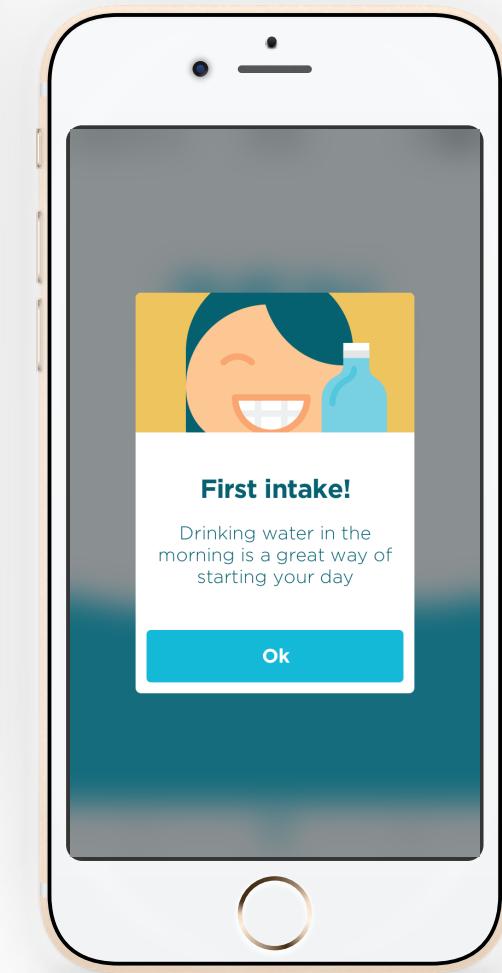

01. Set your weight, measures and activity.

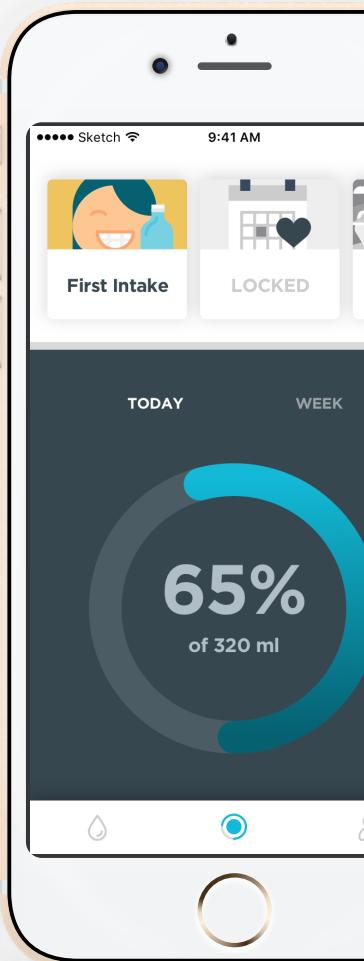

02. Check your daily percentage on your main screen.

03. Add your standard or custom intakes to achieve your goal.

04. Stay motivated with winning rewards and become a Pro Waterinker.

05. Track your daily and weekly intakes.
